

2017 Spring Assembly

Evals

GSR'S

How did you like the assembly?

Awesome, well oiled machine, got through agenda items alive.

Great show of the unity of AA, Learned a lot

I loved it

Great location. Great Views, meal service was awesome, all you can drink coffee for \$10 was awesome, gsr sharing was really spectacular with 18 new gar's and full participation. Kelly did an excellent job facilitating the 2017 agenda item sharing

It was well organized. Kelly is personable and friendly good leader. The 2 minute limit at the microphone is good. Jim is very approachable and a good facilitator, very informative thank you

I enjoyed the beautiful lodge and learned much about service work

The resort was beautiful, food was good, fellowship great

The overall assembly was good, the accommodations were very wonderful, I would like it if we can have another assembly in the future there were good comments and suggestions for the agenda items

Very much, I thought the over all price was fair nice rooms good food great morning meeting went through agenda items quickly

My first assembly, wow, a grat insight as to the inner workings of AA, my head was spinning with all the info, makes me even more proud to be a grateful member of AA and a GSR to my home group and I am humbled as well as grateful to this experience as well

Good

It was run very good moved along

It was awesome went very well and everything ran smoothly

I thought this GSR session was the best I have been to, have been GSR for 5 years, great presentations

The GSR meetings were great and helpful for suggestions and ideas, excellent

The assembly was good it left me wanting more

Overall it was wonderful as usual, having the option to catch a meeting before dinner was an absolutely stellar idea allowed me to completely reset spiritually

Learned a lot, fast paced good experience

Very good

I really enjoyed this experience as a first time attending GSR. It is painfully long but I know these things are all important I learned a great deal

Agedna was followed timely, I felt privileged to be here as a new GSR many questions answered about my role thank you, facilities were fantastic

How can we better meet your needs?

Good job

All accommodations fulfilled

Charge a little more for a hot breakfast thank you. Better communication more accurate about reserving and paying for rooms and meals would also have been awesome

It might be an improvement to limit the number of times one particular member can go up to the mic. This might encourage others to participate instead of 2 – 3 that dominate

We are blessed to have an active area 35, very willing to help groups when called on

Can't think of a thing

Nothing that I can think of at this time

Little more insight for GSR and duties to the home group they represent more sharing time for GSR with GSR's

The breakfast could have been better to many carbs no protein did not have lunch dinner was very good

Cut off at 9pm Saturday would have been a bit more livable

Less details to much debating somewhat a waste of time

More information of the agenda items for the GSR's like back ground information

If we do another buffet style meals included it would be nice to have menu in advance or at least more breakfast options carb bomb makes Aaron a dull boy

Cheaper coffee

All my needs were met. The food and facilities are amazing

Other comments or suggestions

The cost, last minute changes to per person limit was a deal breaker. I was not coming, my group insisted. It worked out

Food/hospitality great at Rutgers

See what iced coffee would cost, I suggest coming back to Rutgers again. My experience is this place and others like it accommodate very well. I was well please with the healthy food served.

I wish the dcm for district 4 could be the dcm for our district in the next rotation

Thank you

Thanks for a wonderful weekend

It was awesome to see the new gsr's here

Some people didn't stay because they were worried they wouldn't get their money back if something interfered with them coming

Great location, food, as well as our AA staff who put this work shop together, great job done

Don't put tables so close to grapevine and lit displays, crowded walking area

Super happy to have tables this time we are a great group and I look forward to the fall assembly

Hade reservation for 2 queens got 2 singles, no posting for breakfast time, good food, beautiful view meals were good except breakfast didn't know if tips were included, breakfast could have been more

More education on issues and topics, lot of it did not know what you are talking about

Thank you very much for your dedication service and consistently smooth operating assemblies

DCM'S

How did you like the assembly?

I liked the pace of the discussion of agenda items. I thought it went very well and moved as quickly as possible

Loved it I give it an F, fantastic fellowship, facility, facts fasces fun family friends friendly staff faithful followers love the use of tables, wish we had them a WCRAASC

Good, but where was the ice cream

Loved it

It was done very well

I think the assembly went very well

The facilities, lodging meals were lovely but.....

Jam packed with information and business, the facility is beautiful, the rooms were comfortable, thank you to Rutgers for the great food.

Enjoyed the weekend. Facilities were great. Having tables was fantastic

Very smooth, good action committee participation, good environment for fellowship, delegate well prepared, excellent participation, glad to have 2 AA meetings, excellent and inexpensive food

How can we better meet your needs?

If we keep doing we are doing and fine tune the assembly each year we will improve. Thank you for asking

We don't like change fear, another f word, there was a lot of unknowns with the way the assembly was set up. Commit ahead of time, it turned out great, beautiful location set and staff thank you

Keep items off agenda that are not pertinent, ie: conference eyes only

Keep it at Rutgers

Although everything else was fantastic. It was awful not to have any protein at breakfast

..... Making nonrefundable deposits of amount paid in full is very difficult for many groups/GSR. It seemed expensive to many. Difficult for day visitors to find meals locally and too expensive to purchase at the resorts.

This is my first one. Next time I'm bringing more people

Get more venue's like this in future

Other comments.

I liked the accommodations and I thought the cost was reasonable

We enjoyed each feast

Thank you for all your hard work

Great job, thank you all for your service

Bonfire meeting was great, thanks Jim and Area 35 for all the work you do to arrange the assemblies and events.

Thank you to all who set up the assembly

Too much work on Saturday, split it up

Other

How did you like the assembly?

Better temperature control

No ice cream

I thought it was wonderful, the facility was great and the meeting went smoothly

It was a good experience, didn't understand a lot that was going on but that will come with time

The assembly was well organized, I felt the flow was good and I really liked how the meals were included with the room

It has been pretty good, the venue is fantastic, a little bit expensive though, it was good to get through the agenda items ahead of schedule

I think everything went well. Did a good job working on the agenda items. We needed ice cream. All and all time was spent wisely and the assembly ran smoothly

Good

I did like the assembly very much the flow went very well resort was beautiful food was amazing kept us full Kelly kept the flow of agenda items going

Thought the assembly was awesome, there was a more relaxed attitude it seemed to me

Beautiful place great food enjoyable time with everyone

I think it went well, the venue was awesome comfortable and convenient

Enjoyed it very much, went through the agenda items quickly without unnecessary redundant discussion. With meals taken at the facility we had more time to get through business and free time it seemed, the facility is obviously set in a relaxed atmosphere being able to work in such a setting always has the potential for efficiency and inspiration, casinos can be considered relaxing

Great wonderful facility went through agenda items quickly finished early on Sunday

Well done, as tedious as the task of working through the agenda items Kelly took a patient approach remained spiritually based and calm

How can we better meet your needs?

Ice cream

I have no complaints

Try to keep smokers in one place away from the entries

Ice cream other than ice cream everything was great

Please choose places with continental breakfast

Good coffee

Maybe have speaker just for fun

I have a number of ideas, all of which are impractical and or highly inappropriate

I feel all of our needs were met thank you

Is it within the responsibilities of the district assembly to review the designation of the size and locations of districts? When did someone last examine the number of districts, the appropriate relationships of communities within the district

Other comments

Where's the ice cream

Kelly should quit picking on Jim

I think it was a successful event, good job and great choice

I live in the area in district 7 and had to stay at a hotel as I wanted to eat. I later found out there was an option to buy the food without having to stay, but I was not notified by my DCM a waste of money

General meeting room was a little small on Saturday

Could not of been a better assembly

Maybe repeat more often about going to microphone to say the same thing

If not using a casino is possible that would be helpful for non smoker and other who may have also had an issue with gambling too

I think if you would have went with a slightly lower price point you would have had way more luck with sales for coffee

I think considering casinos for assemblies is good, reconvening on Sunday at 9 is a good idea

Thank you for adding a meeting during afternoon sharing sessions, casinos are a problem because of smoking, last time we were at a casino AA members wouldn't follow rules about smoking outside, not sure would attend if meeting was at a casino because of the smoking issue, it would be wonderful if attendees could be respectful of others, but it isn't that way, I understand that financially it's a great option but the smokers ruin it
