

# 2026 MINNESOTA DOC TRANSITION FAIRS

## What is a DOC Transition Fair?

DOC Transitions Fairs provide an opportunity for our incarcerated population to connect 1:1 with community partners across the state of MN who offer release services and support. Community partners invited to participate included services around: housing, employment, education, healthcare, identification, and overall community support navigation.

- **Each facility will require you to fill out the Vendor Application for facility logistics and set up as their Transitions Fair date nears.**
- **The Application for Access to a MN Correctional Facility needs to be completed annually, per DOC policy 300.020. DOC Staff will inform you if you need to complete this.**
